

Messenger

Messenger, design Fredrik Wallner, is an elegant and versatile conference cabinet adapted to the modern conference room. The cabinet is either available with Silverpro writing/projection surface or with a LCD, LED or plasma screen. TV brackets are not included.

Messenger conference cabinet is fitted with magnetic sliding glass doors that can be used as writing boards. The cabinet requires minimal space as the doors slide laterally.

Messenger with LCD/LED/Plasma can be integrated with a video conference camera. Contact us for more information.

Enclosed pen holder with four pens and one eraser is included.
